- |  |           |      |
|--|-----------|------|
| • Odoo 17 Technical Certification (Provided by Udemy)                                  | 28 August | 2024 |
| • Internet Of Things (IOT) Bootcamp  | 5 Jun     | 2023 |
| • Web Development Bootcamp (Provided by SEU)   | 21 Feb    | 2022 |
| • CIT (Al Khaleej Training and Education), Technical & Vocational Training Corporation | 3 Months  | 2021 |

## Projects

- **Graduation Project (SGB)**
  - Developed a mobile application using AI and object detection tools [React Native, TensorFlow,Yolo5,Expo Go] to help blind people in navigation, significantly enhancing their independence and mobility.
  - Our project ranked in the top ten of "Saudi's Future Skills", showing its impact & technical excellence.
- **Creating A Responsive Websites, Mobile Application**
  - Developed a weather web page integrating live weather data APIs to provide accurate real-time updates (<https://bdoor-k3.github.io/weather-project/>)
  - Designed & built a landing page for restaurant electronic services, improving user engagement with a mobile-friendly layout. (<https://bdoor-k3.github.io/rsetaurant/>)
  - Created a mobile app for SEU students to access educational materials & resources, with streamlined navigation and notifications. (<https://github.com/Bdoor-K3/seuMobileApp>)
- **Developed a System for Telecom Company Integration with Absher**
  - Developed a system integrates Absher with a telecom company's services using fingerprint authentication, enhancing efficiency and security by automating identity verification to reduce process time & errors.
  - The project nominated for "Absher Challenge" showing its impact on government & commercial services.

## Skills

### Technical

- Software Development Life Cycle (SDLC): Project Management
- IT Specialist: Windows Server, Active Directory, DNS, VLANs
- ERP Systems: Odoo ERP – Implementation, Module Customization
- Programming Languages: (Python, Java , JavaScript, PHP )
- Web development (Full-stack developer)
- Version Control (Git, GitHub)

### Soft skills

- Communication
- Teamwork
- Time management.
- Problem-solving
- Troubleshooting

## Language

Arabic

English
